So this time I am the one to blame
The last time I almost drown
It did not feel the same
And now I am withholding all the pain
And I still remember how
I hurt myself when I shut this all away

This time no one can hear me
As I'm screaming on the floor
I feel so far away from healing
So I'm stepping back inside
Stepping back inside of me
This time the voice is screaming
It screams in me silently

And now I am wanting this to change
'Cause this time I've come too far
And I cannot run away
And I know the end's not far away
'Cause I still remember how
I hurt myself when I shut this all away

This time no one can hear me
As I'm screaming on the floor
I feel so far away from healing
So I'm stepping back inside
Stepping back inside of me
This time the voice is screaming
It screams in me silently

Screams in me

Oh

This time no one can hear me
As I'm screaming on the floor
I feel so far away from healing
So I'm stepping back inside
Stepping back inside of me
This time the voice is screaming
It screams in me

Screams in me
Silently
