I feel so far away from all the hurt today  
The emptiness is gone  
In this space I will not fade away  
Looking into you I see our circles meet where it runs  
through

Guide me away, keep me close  
Take me away, away yeah

Without my eyes I see you're here  
Yes, I'm lost in the image of you  
'Cause you are the light I need  
And I can't see you burn with me

Believing in your faith  
I'm blinded by your grace  
The waves are crashing down upon my face  
But I will not wash away

Fly me away, keep me close  
Take me away, away yeah
