Standing here.
I'm cold inside with fear
And I can't feel my soul.
Take me in.
I'm yours again for awhile-
Just like the last time...

-Chorus-
Lead me from the fear
And I won't leave you here.
There's a way out
There's a way out
There's a way from here believe.
Lead me from the fear
And I won't leave you here.
There's a way out
There's a way out
There's a way from here believe.

I feel weak.
And I'm slowly losing touch
With what is left in me.
Take me in.
I'm yours again for awhile
Just like the first time.

-Chorus-
And I need you
To keep me here.
I'm starting over again.
And I need you
To keep me here.
I'm starting over again...
Lead me from the fear
And I won't leave you here.
There's a way out
There's a way out
There's a way from here... believe.

Lead me from the fear
And I won't leave you here.

There's a way out
There's a way out
There's a way from here... believe.

There's a way out
There's a way out
There's a way from here... believe.

There's a way out
There's a way out
There's a way from here... believe.
