The hours devour me  
My life's wasted  
Waiting here for you  
There's nothing left of me  
Lost in a void out of sync  
There's nothing left to believe  
The end is now

I surrender  
The war is over  
The rain is falling  
And all that's left has blown away  
Your eyes are haunted  
By what you wanted  
And I surrender (I surrender)  
The war is over

The anger  
I keep for you  
The bitter lessons  
I will keep for me  
There's nothing I can do  
To save you from your own hell  
There's nothing left for you  
The end is now

I surrender  
The war is over  
The rain is falling  
And all that's left has blown away  
Your eyes are haunted  
By what you wanted  
And I surrender (I surrender)  
The war is over (it's over now)

I can see it  
I can see what you've become (become)  
I can feel it  
As everything goes numb

The war...

The war is over  
The rain is falling  
And all that's left has blown away  
Your eyes are haunted  
By what you wanted  
And I surrender (I surrender)

The war is over  
The rain is falling  
And all that's left has blown away  
Your eyes are haunted  
By what you wanted  
And I surrender (I surrender)

The war is over  
The war is over  
The war is over  
The war is over
