[Rodney Jerkins]

Darkchild, Big Will, 2000

Bust out, shake it up now

Come on, come on

And shake it up now

Who am I?

You know, you know

Big Will, ya ready?

Come on

[Will Smith]

When I was a lad I used to dream that (one day)

I'd earned the cream that make the rocks gleam

Phat rhymes to make it seem that I was like Bill Gates

Writing lines, seal fates

Power to change the whole set

For exposure or forfeit

And with the wicked sense on how to get the picket
fence

Envisioned a hot life, hot wife

Wanted a crib, well a palace like South Fork on Dallas

With lights simmer trees for the ambiance

I been up and down and high and low

Fly with dough, broke looking grimy yo

My shiny glow definitely ain't cause of my Bentley

It's something that my fam put in me

Who am I? You ask

The guy with the razzmatazz with ten duffel bags
packed with pazazz

In the past cut twice by the ladies of my life

Boom stitched up by my wife

Who am I?

It's suffice to say found gold in my heart

Put the ice away

Nicer day, live foul homie it's a price to pay

Even when it's rainy still I say it's nice to day

Who am I?

That brother with the platinum plaque

With the strength to stand and say gangsta rap was
whack

The fact is that when that brother rap or act

Hold position, front of the pack
Who am I?

[Tatyana Ali]
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?

Baby if you really wanna know about me
I'll tell you who I am
I'll tell you I be not the one for games
But if you're right with me
I know I'll do the same

I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?

Who am I?
You dare to ask
The same female who hailed from Brooklyn and wailed
on that ass
I'm your worst nightmare, you're best wet dream
Break the bank papi cause we're coming for the cream
And while I'm in the world ain't none of y'all safe
Hold face, sell a million and you still won't equate
So who am I? It ain't hard to tell
Like staying on track cause you thinking I fell
See a lot know my face but a few know me well
Just who I am is the one to make you gel
Who am I? The chick that keeps spittin'
Taking back all my snip that was bitten
Rewritten dangerous liaison
With the shades on
Making sure the track stays on

Days on end I'll be that one true friend
That will always be around when the world falls down
I'm honest to the bone
No question, suggestion
You don't wanna know
I give the truth, nothing less than
I'm sweet with a heart to fit
Smart as a whip
You feed me well but I'm still hard to get
I'm like a calculus problem you just can't solve
Study me well if you wanna get involved
And even after that I'm still unpredictable
Now who am I? I'm unforgettable

[Tatyana Ali]

I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
I be fully educated
Not the one to play with
And I find that some of y'all hate it
But you wanna know baby
Who am I?
