I can hear my heart breaking
As I open the door
I can feel the tears on my face
Burn like fire
As I look in your eyes
And I know
I'm still in love with

Everything I hate
Everything you do
Everything I fear
Everything on you
Baby, Baby
I'm still in love with
Everything I hate
Everything you do
Everything I fear
Everything on you
Everything I hate
Everything you do
Everything I fear
Everything on you

I can feel my life ending
As I whisper goodbye
And I know
I'm still in love with

Everything I hate
Everything you do
Everything I fear
Everything on you with
Everything I hate
Everything you do
Everything I fear
Everything on you

I can't believe I still need you
I can't believe I still want you
I can't believe life means
nothing without you
Baby I'm still in love

still in love still in love with

Everything I hate
Everything you do
Everything I fear
Everything on you with
Everything i hate
Everything you do
Everything I fear
Everything on you

I'm in love with

Everything you are
