I don't know that much about you
I just know that when i touch you
Everything just fades away
I don't need you to surrender
I just want you to be tender
In everything you do or say

Lonely hearts always playing safe
As for me i know it's gonna take

A leap of faith, you won't know, close your eyes
Just let go, give it up, don't look back,
Don't turn around it's a long way down
After all no easy way, it's gonna take
A leap of faith

Life is full of strange reversals
Relationships that were rehearsals
Vow that day when it gets real
It's not that i'm optimistic
But in fact i'm realistic
You must believe before you ever close the deal

Lonely hearts always playing safe
As for me i know it's gonna take

A leap of faith, you won't know, close your eyes
Just let go, give it up, don't look back,
Don't turn around it's a long way down
After all no easy way, it's gonna take
A leap of faith
