Chorus

Don't you know your love is so divine
And I'm wanting you girl
Missing you, wanting you girl
Don't you know your love is one of a kind
And I'm wanting you girl
Missing you, wanting you girl

Since you gone me gots no one to lean on
The picture inna meh head is me and you holding
hands

Love under di cover with some sweet slow song
On ah meh knees girlfriend, baby and hold yuh hand
Would you like to be the wife of Brendon Young
Take your time and settle down because we are young
I don't like bacchanal, neither confusion
Rush into these thing, then things will be wrong,
still

Chorus

Baby let's settle down
Build us a family together
I for you, you for me, then
Baby under this rainy weather
Tell them that no matter what the people say
Tell them that no matter what the people do
So they can never stop I
They can never stop you
Cause we were made for each other

Chorus

The picture frames on the wall
It keeps reminding me, yeah
Tell them about my fair lady, yeah
And all the things that, that she's done for me, well

Tell them what Jah has put together
Well let no man put us under

For Jah Jah bless us with one daughter, (it's my
world)
So let us live our whole lives
For ever and ever

Chorus (x3)

Don't children know that Jah love is so divine
Don't children know that...
Our love is one of a kind (x2 to fade)
