There's so many things I want to say, baby

So many words, well well well

Oh, you know what I mean?

Oh, I know, I know

Loving you is easy

Loving you is like breathing

Winter, Winter spring natural, ever loose ya

Loving you is righteous, ever green light just

Shines bright, oh, yeah

When I'm with you

Ooh there's so much I want to say, baby, oh

Said enough

I just want you to know

Said enough

So much I want to say

Said enough

I love

Said enough

Loving you, loving you

Is like sweeter than candy

Feels like I'm in Heaven

Sweet like a morning kiss, oh
Loving you is so beautiful, baby
Loving you is food for my soul
Baby, you know, you know, you know
Oh, what I'm trying to say, girl
I gotta let you know
Just wanna let you know what I feel
Gotta let you know my heart, baby
Gotta let you know what's in my heart
I want you to know just what I'm thinking
Oh, you know what I'm thinking
I want you to know
Oh, I think I said
I got to let you know
Gotta let you know, you know, babe
Your love, your love
My baby, my baby
So, so in love
So good, you're so good, baby
Baby what I'm thinking, there's nothing
Nothing in this world
In this world that could take what we have away
That would take what we have away
Oh, no no, nothing, nothing
Nothing, nothing

Nothing left to say

Nothing left to say

I said, you said

Nothing left to say

No no no no no, nothing, baby

Said enough

You said and I said and we said

Oh, you said

All I need to know, girl

That's all I need to know, baby

No no no no, no no no no, no no no no no

Said enough

You said and I said and we said
