"Take Me To The Next Phase"

We need volunteers

We're the people above forty years

Something's happening

Same old feeling is back again

Take me to the next phase, baby

Take me, take my soul to the next phase

Take me to the next phase, baby

Take me, take my soul to the next stage

I see you standing tall

We're here [Incomprehensible]

Feel the spirit happening

Thank you for let me do it all again

Take me to the next phase, baby

Take me, take my soul to the next phase

Take me to the next phase, baby

Take me, take my soul to the next phase

Feel the music coming down

Happy feelings all around

Take me to the next phase, baby

Take me, take my soul to the next phase

Take me to the next phase, baby

Take me, take us all to the next phase
Come on, can you feel it? Yeah
Come on, yeah, help me with the feeling
Come on, yeah, help me with the feeling
[Incomprehensible], yeah, ain't that I can feel
We need volunteers
We're the people above forty years
Something's happening
I wanna thank you for let me do it all again
Take me to the next phase, baby
Take me, take my soul to the next phase
Take me to the next phase, baby
Take me, take us all to the next phase
Everybody say, yeah
Everybody say, I like it, yeah
Come on, dance
Come and get the feeling, yeah, yeah
Come on, yeah, dance
Come to get the feeling, I got it
