Oh no, no, no, no, no

No, whoa

I still love you, baby

You know, you know

You didn't see me

But I saw you

You didn't see me

But I saw you

I can remember those nights and days again

Sometimes I cry for what might have been, babe

You say you love me but how do you know?

If I didn't leave you then where did you go?

You didn't see me

But I saw you

You didn't see me

But I saw you

Whatever is going on inside your mind

Think about us, think about us and give us some more  
time

And there's so much more I'm leaving unsaid

'Cause there's that little voice inside of your head

You didn't see me

But I saw you

You didn't see me

But I saw you

It's all about you, girl

You're all about yourself

You can't see nobody else

You're all about yourself

You can't see nobody else

You're all about yourself

You can't see nobody else

You're all about yourself

You can't see nobody else

You didn't see me

But I saw you

You didn't see me

But I saw you

No, you didn't see me tonight

But I saw you

You didn't see me

But I saw you

It's all about you, girl

You're so into yourself, babe, oh yes

Ah, you can't see nobody, nobody else

But I saw you, baby

'Cause it's all about you, girl, oh yeah

It's all about you
