When I was walking down the street

I saw you looking at me

I came to you and we started to talk

I couldn't know it would be so hard

All you told, all the stories

All you promised, no more worries

We compromised, we made a deal

But all the time YOU WERE LYING TO ME!

(chorus 2x)

YEAH! You're really crazy

YEAH! You lost your mind

EVERYTHING! You ever told me

WAS JUST A FUCKING LIE!

From the start we thought it would work

If we just would try real hard

I did my best but you did nothing

I did everything, you're the problem

Everything I once believed

Turned out to be just a lie

We compromised, we made a deal

You would never again LIE TO ME!

(chorus 1x)

YEAH! YouÃ,'re really crazy

YEAH! You lost your mind

EVERYTHING! You ever told me

WAS JUST A FUCKING LIE!

All you ever told meÃ,â€¡.. LIES! LIES! LIES! (bridge 4x)

(chorus 2x)

YEAH! YouÃ,'re really crazy

YEAH! You lost your mind

EVERYTHING! You ever told me

WAS JUST A FUCKING LIE!

Now IÃ,'m through, IÃ,'m over with you

And I left you all alone

IÃ,'m also alone but you have a new

Friend, but heÃ,'s lying to you

All the lies are now reversed

Finally you feel how bad it hurts

You compromised, you made a deal

Now youÃ,'ll say: Ã,"He Ã,'s lying on meÃ,"

(chorus 2x)

YEAH! YouÃ,'re really crazy

YEAH! You lost your mind

EVERYTHING! You ever told me

WAS JUST A FUCKING LIE!
