Aaaahaaaooohooo

Songs About politics are full of crap

It makes no sense of writing them

Complaining about the government isn't hard

But if you don't have a solution

What's the point of that?

You keep on nagging, you keep on writing

You are right but you are wrong

Better come up with something better

Or just keep your mouth shut

Aaaahaaaooohooo

Politic lyrics, politic lyrics, politic lyrics

BULLSHIT!

Politic lyrics, politic lyrics, politic lyrics

BULLSHIT!

Aaaahaaaooohooo

What would the world be withouth politics

Full of anarchy, full of shit

People killing and people raping

No laws to hold them to

Songs About politics are full of crap

It makes no sense of writing them

Complaining about the government isn't hard

But if you don't have a solution

Then keep your mouth shut

Aaaahaaaooohooo
