My sun, you are the only one,
My sun, you are the only one,
Like a bullet through the barrel of a gun,
You keep me on the run,
You keep me on the run.

My sun, you are the only one,
My sun, you are the only one,
Like a gun, your night has just begun,
You keep me on the run,
You keep me on the run.

Say you will, say you won't,
Say you'll never never ever leave me,
If you will, then I won't never never never need nobody
else to believe in,
Never need nobody else to keep me running,
Keep me running from you.

My sun, you are the only one,
My sun, you are the only one,
Like a bullet through the barrel of a gun,
You keep me on the run,
You keep me on the run.

Say you will, say you won't,
Say you'll never never ever leave me,
If you will, then I won't never never never need nobody.

Say you will and I won't,
Never ever never want nobody else to believe in,
Never need nobody else to keep me running from you.
