I've just fallen down
My wings are tumbling
I can't control it

I've lost my way
Cause I kept looking back
To me

I can't go on like this
My words are fighting me
Not anymore
Enough of these paper chains

I've just fallen down
My wings are tied to the ground

I've fallen down

I can't go on like this
My words are fighting me
Not anymore
Enough of these paper chains

I've fallen down

I can't go on like this
My words are fighting me
Not anymore
Enough of these paper chains
