I don't wanna be the only one around here
Everything seem's fallen on death ears
Come to get you if you make another sound
Make you an example since you're crawling home
Anyone who listen's is gonna get this when the water
floods down
To the rabbit hole

Hands up if you think you're gonna save us time
We always shoot the messenger for talking too loud
We'll keep you on the run
Weekend will be gone

Every which way you go they're gonna hunt you down
Making you believe that all the sticks and bricks can get
you 'stoned
Cause anyone who listens is gonna get this when the
water floods down
To the rabbit hole

Did we gone around
You think we got around no more
Just feed them with flame
Arresting the fight
And it's a cold day in hell
It'll be a cold day in hell
Growing up
Just feeding the flame
Arresting the fight
With fire, with fire, with fire
Rabbit hole
