While I'm away from you (ooh Baby),
I know it's hard for you (ooh Baby),
Because it's hard for me.
And the darkest hour, is just before dawn.

Each night before you go to bed (ooh Baby),
whisper a little prayer for me. (ooh Baby).
And let's tell all the stars above,
this is dedicated to the one I love.

Life can never be exactly like you want it to be.
But I can be satisfied Girl, just knowing that you love
me.
There's one thing I want you to do, especially for me.
Hey that's something everybody needs.

While I'm away (ooh Baby),
Whisper a little prayer for me. (ooh Baby).
And let's tell all the stars above.
This is dedicated to the one I love.
