Who will be there
Who will be there

The rain is getting stronger, I listen to the rain
And I can't wait no longer, oh please come back again
If I could live forever, baby I will live with you
If we can't be together, baby I will die, it's true

Who will be there, when the lights go out
Who will be there, my heart cries loud
Baby I swear that I'll be there, if you need me

Who will be there, when I'm alone
Who will be there, where is my home
Who will be there, it's so unfair, stay by my said

Who will be there
Who will be there

The summer was oh magic, oh baby just we two
Now times are getting tragic, and lonely without you
Oh when my heart is crying, baby oh it cries for you
And if our love is dying, baby I will die, it's true

Who will be there, when the lights go out
Who will be there, my heart cries loud
Baby I swear that I'll be there, if you need me

Who will be there, when I'm alone
Who will be there, where is my home
Who will be there, it's so unfair, stay by my said

Who will be there, when the lights go out
And when my heart cries loud
And if you need me

Who will be there, when the lights go out (who will be there)
Who will be there, my heart cries loud (who will be there)
Baby I swear that I'll be there, if you need me

Who will be there, when I'm alone
Who will be there, where is my home
Who will be there, it's so unfair, stay by my said

(Who will be there), who will be there
(Who will be there), who will be there
