Behind the sun - I found some one - my china woman,
oh no

She's painting clouds - day in day out - my china girl,
don't go

Oh I can't oh I can't, oh I can't ignore

The way she looks to me

Oh I can't - oh I can't - oh I can't give her more

Just my heart, she is my destiny

She has:China in her eyes - can't you see it

China in her eyes - can't you feel it

China in her eyes - a secret smile

Oh can't you see, it's you and me - my china woman, oh
no

I miss you so, can't let you go - my china girl - don't go

Behind brown eyes, she's mystify - my china woman,
oh no

It's like a dream the moon turns green - my china girl,
don't go

I believe, I believe, I believe, I'll fly

I'm writing hearts to you

And I wait and I wait, see a rose in the sky

Take my heart, what have I got to do
