Intro

Du Du Du Du Du Du Du Du Du Du

Du Du Du Du Du Du Du Du Du Du

Oh I saw her near ocean avenue

Wears a t-shirt and her eyes were blue

She told that

She's living in the heart of L.A. city now, hmm

We went straight to a night caf  

Took popcorn, coffee, and I heard her say

She told me that

She's living in the heart of L.A. city now, hmm

Chorus

Cindarella girl - you're in my mind

A girl like you - is so hard to find

Cindarella girl - I'll miss you so

Oh I'll never let you go, oh no

Du Du Du Du Du Du Du Du Du Du

Du Du Du Du Du Du Du Du Du Du

It was late at night, in that night caf  

She's eating icecream, when I heard her say

Please pick me up

Tomorrow in the heart of L.A. city now, hmm

At four o'clock, she took a cab

I saw her waving, never saw her back

She told me that

She's living in the heart of L.A. city now, hmm

Chorus

Cindarella girl - you're in my mind

A girl like you - is so hard to find

Cindarella girl - I'll miss you so

Oh I'll never let you go

She rising away

Chorus

Cindarella girl - you're in my mind

A girl like you - is so hard to find

Cindarella girl - I'll miss you so

Oh I'll never let you go, oh no

Never let you go
