Oh lady, Iâ€™m close to lose you

You're burning up my life, more and more

Oh lady, I can't forget you

I know I can't survive, like before

Oh lady, Iâ€™ll always miss you

Oh I will swear to you that I love you

Chorus

From coast to coast (from coast to coast)

From east to west (from east to west)

I know for sure (I know for sure)

You are the best (you are the best)

Why does it feel so good with you

Don't leave me here, what can I do?

My world is in your hands, you'll see

I love you till eternity

From coast to coast

From here to you

Oh lady, if this is heaven

Iâ€™m not afraid of hell, Iâ€™m telling you

Oh lady, my heart is lonely

I know the time will tell, I tell the truth

Oh lady, Iâll always miss you

Oh I will swear to you, that I love you

Chorus

From coast to coast (from coast to coast)

From east to west (from east to west)

I know for sure (I know for sure)

You are the best (you are the best)

Why does it feel so good with you

Don't leave me here, what can I do?

My world is in your hands, you'll see

I love you till eternity

From coast to coast

From east to west

I know for sure

You are the best

Chorus

From coast to coast (from coast to coast)

From east to west (from east to west)

I know for sure (I know for sure)

You are the best (you are the best)

Why does it feel so good with you

Don't leave me here, what can I do?

My world is in your hands, you'll see

I love you till eternity

Chorus

From coast to coast (from coast to coast)

From east to west (from east to west)

I know for sure (I know for sure)

You are the best (you are the best)

Why does it feel so good with you

Don't leave me here, what can I do?

My world is in your hands, you'll see

I love you till eternity

From coast to coast
