City lights spinnin' in my head

Here comes the night can't go to bed

I'm sittin' here in that night cafe

My love don't go away

Never ending dreams of you

Lonely hours passin' through

Still missin' you

Where will you go tonight

Just like an angel you are

Hot line to heaven you're my star

Just like an angel in the night

I've seen the fire meltin' the light

Just like an angel waitin' for you

Let me down easy like angels do

You are my angel oh count on me

Gimme high high energy

'cross the streets you will telephone

Shadows dancin' still on my own

I'm sittin' here in that night cafe

My love don't go away

Cafe is empty 'n' the night goes by

A million stars shine in the sky

Still missin' you

Where will you go tonight
