Bittersweet you wasted years

Lonely dream about souvenirs

Babe touch a hand

Make a friend tonight

Bittersweet love has no pride

Try again time's on your side

Oh strange are the ways of love

Come on and take my heart

It's breaking just apart

Keep love alive

Two hearts to hold it

Keep love alive

Too hard to stop it

Keep love fire burning in your heart

Forever and ever

Keep love fire burning from the start

Forever together

Bittersweet so high so low

Lonely dreamer life's a show

Oh touch a hand

Make a friend tonight

Bittersweet more than words can say

If a woman wants to play

Oh strange are the ways of love

Come on and take my heart

It's breaking just apart
