Oh I'm waitin' in the darkness

Hesitatin' in the darkness

Follow on your shadows in the night

I'm feelin' it's burnin'

The point of no return babe

Easy for two

Baby it's so hard for one

Princess of the night (of the night)

I'm drownin' in the light (in the light)

Princess of my dream (of my dream)

Cross-fire of feeling

Princess of night what have you done

Baby I know our day will come

Princes of night princess of day

When the night will fade away

Gotta date babe with an angel

With a hot child of the city

Follow all your shadows in the night

Oh somewhere there is someone

And two hearts beatin' as one

Easy for two

It's so hard for one
