Mobilize, globalize, hypnotize, homogenize
Shut your eyes don't criticize
It is a big surprise ain't telling you lies
Truth hides in plain sight, Kentucky fried genocide

Bruised, screwed, pickled and tattooed
Tried to resist but destined to lose
Nobody listens but it's breaking down the door
Only the paranoid really know the score

Mobilize, globalize, hypnotize, homogenize

Market force is the new dictator, manipulator and
annihilator

Mobilize, globalize, hypnotize, homogenize
Shut your eyes don't criticize
It's a big surprise ain't telling you lies
Truth hides in plain sight, Kentucky fried genocide

Mobilize, globalize, hypnotize, homogenize
Shut your eyes don't criticize
It's a big surprise ain't telling you lies
Truth hides in plain sight, Kentucky fried genocide

Mobilize, globalize, hypnotize, homogenize
Shut your eyes don't criticize
It's a big surprise ain't telling you lies
Truth hides in plain sight, Kentucky fried genocide
