[Trigger Tha Gambler]

There a toker, under the numb, scumb looker
Get the gatherin, big willy, me, thug rich and booker
The gun to gun, face off, street smart nigga
That I'm ready to tear your numbers right off the
burners
To throw the D-8 trace off, ruckus click cause the
mystery
Sellin, which, cap killin, go down in history
You dissin me, bell to releact the combat
I sit back, when niggaz throw raps
I be like, "where your are at"

[Rubbabandz]

It's a leaky-leak world and I don't give a fuck
All I wanna do is puff that purple stuff
The sun ain't never shine on my block
It's like a permanent eclipse
The only light is gun spark
Fightin on the premissis, that you want to be yours
Catch your on the stairs, your floor's eight
But, you won't make it past four
I'm sick and tired of niggaz actin high fashional
Flashin, wackin and not reactin

[Smoothe Da Hustler]

Yall niggaz, know what time it is
Leavin niggaz withour no watches
When I drop this shit about hustlin
Yall niggaz know, who rhyme it is
You gettin the head from bathroom
To book-book to rap-rap to tracks-tracks to wax-wax
When starts toss the headphone
The dead zone, MC's get done since
The grittiest square root
Equals a dead mother fucker in my circumference
The shell maxed, well matched, dressed in black
leather
To come through buildin for buildin
Jack dead for crime cheddar

[Shyheim]

All day, I dream about guns, money, cars and bitches
Thirsty niggaz, who want my riches
I got somethin for em, in '96, you gotta be trife or die
That's how it is in the streets of S.I., in god we trust the
lye
Niggaz I run with, their mentality is fuck it
And heated with a vest, gun cocked ready to buck shit
Although they do, to makin crack and dope sales
And jiggy-jigg won't stop us from gettin the dough, for
real

The battlegrounds is where we spend most of our days
I lick a shot for niggaz slingin cooked up rocks
To make the prophet, so all yall crap niggaz need to
stop it
I see my peeps transform like Autobots
Shootin at missed, prime ass niggaz, who stop us from
makin figgaz
We can't be eliminated, the world wil be contaminated
G.P. players activated

[D.V. Alias Khrist]

Shot twenty shells, twenty heads fell
Twenty bodies rapped, twenty churches rung death
bells
The bitch fucker, the thug cop chucker
The glock under my belt, tucker, the wild mother fucker
My lifestyles, maxin, taxin, a pistol wipin
Girl come here, bitch slapped and carjackin
Cap carrier, contract arrangin, twenty-thousand dollar
hit
Body, the scenic

[Shyheim]

Bet your life nigga on two red and one green dice

For fifty cents, nickels or get nice and pay the price
A hot rolex with ice, fit around my wrist
A gorilla in the mist, with a four fifth, kill you and your
bitch
Get you open like bullet wounds, deadly like toxic
fumes
Get my peoples ??? through all the ballons
Wack rappers and listeners, this for all yall
Can't follow, put my records out on virgin
Cause my styles be sellin

[Smoothe Da Hustler]

Brooklyn and Shaolin puttin the hurtin in front of the
curtain
Hookin and crookin, I'm takin back uptown, back
downtown like fulton
I house the best, when i be rappin, I be packin
So niggaz in clubs, fire marshalls got me on house
arrest
Front, I caution it, i bless so many mics
After I die, niggaz'll cut my hand off and auction it
Nineteen seventy-seven, february eighth
This little nigga be packin big, but I ain't got faith to
hustle it
