You know when you're stricken
You're stricken quickly
so why not die like you lived
Ritual-ist-ic-ally

Shrink and freeze my head
turn it into a cain
burn my body
Scatter the remains
Chop my hands off
In a trailer park down south Take my ashes to Bali
I can't afford to go now
Ritual-ist-ic-ally

So if I'm stricken
Stricken sick
if it's hopeless, don't feel sad
Let's say good bye
And make a wish
Let's end it quickly
Turn out the light switch
Ritual-ist-ic-ally
