Come home look around
Don't know which ways up or down.
Stand up sit down stare at the wall.
I want to change my life
But I don't know how!

Underware Drawer
Underware Drawer
I want to clean out my underwear Drawer

Got some chiffon scarves.
Some old shit I never wear.
Sprinkle it with glitter.
Show that old chest I care.

Underware Drawer
Underware Drawer
I want to clean out my underwear Drawer

I want to start a new life
I want to start a fresh
I'm tired of a small life
I want more.

Underware Drawer
Underware Drawer
I want to clean out my underwear Drawer

Got some torn panties
So many mismatched socks
Got some old stockings
Seen the school of hard knock

I got my things in order
So I can concentrate
I'll start with my undies
This will decide my fate
