One two three

Forward  
We can hit the floor now  
Forget  
Everything I've told you  
One night  
Is all you really need  
But time is stuck  
No time is enough

One two three

Forward  
We can touch the sky now  
Forget  
Everything I've told you  
One night  
Is all you really need  
But time is stuck  
No time is enough

We shoot  
So far  
So high  
Don't read me  
Don't believe me  
So far  
Your hold shows  
No one can touch  
No one can follow

Kill the dawn  
Kill the alarm  
Kill the song

One two three

Forward  
Is all I can see  
Forget  
The prints from your feet

One life  
Is all I'll ever need  
The time is soon  
Time is moving

One two three  
Forward
