### "Where I Stand"

Alone in the night I'm awake  
Knowing it's only a matter of time.  
No use to run, soon they will come,  
Here I will wait!  
Seeking a dream, a dream with you

Deep in a dream I have here with you  
No use to run, soon they will come,  
I will defend, here it will end!

So I will love you when I can,  
When I can!  
Until they kill me where I stand,  
Where I stand, oh!  
No use to run, soon they will come...  
Alone in the night, lying awake  
Knowing it's always a matter of fate, oh  
No use to run, soon they will come  
Here I will wait, yeah!

Then I will love you when I can,  
When I can  
Until they kill me where I stand,  
Where I stand  
No use to run, soon they will come  
No use to hide, we are there already tonight  
Soon they will come, I will defend  
Here it will end!
