Said he doesn't take you paces that you wanna go?

He can't be puttin down with a single doubt.

He might be trying, but when is he gonna work it out?

Let me show you just what this

(uh) thing is all about. The right way, The right way

(2nd verse)

Can you really stick with him? He'll never win.

Oh he still dont eat the....

(pre hook)
