How'd we ever get so far away?

I hadn't seen you for years

And you look so happy everything's going great

But things ain't never been great here

But there was a time when I could see through you

And there was a time when I knew every line

And there was a time when I thought I knew you

CHORUS

Times forgotten crime

Yours is long gone by

And I'm ashamed to think of times we spent together

When I did show you everything

Heavens hope you can't remember all those secrets

And the pain that would bring

But there was a time when I could see through you

AND there was a time when I knew every line

And there was a time when I thought I knew you

CHORUS

And then you knocked me down and you stood so tall

The strangest look on your face

And I guess I never really knew you

I stand silent in this fool's place

But there was a time when we talked about the future

And there was a time when I believed every line

And there was a time when I thought I knew you

CHORUS
