I can give you all my love
I can fill all your dreams
I'll take you up in ecstasy
Ooh, I take it seriously

Don't let a good thing slip away
Ooh, don't let it pass you by
If you want my love, don't you hesitate

Lock it up
Or turn it loose
Lock it up
Or you'll might lose, baby
Lock it up
Or set it free
Lock it up
Lock it up, baby

Could be so nice in every way
To live in paradise every day
Let's try our love to make it last
Ooh baby, that's the task

You rather feel it while it's hot
Ooh, don't waste no time
If you want it, baby, shoot your shot

Lock it up
Or turn it loose
Lock it up
Or you'll might lose, baby
Lock it up
Or set it free
Lock it up
Lock it up, baby

Lock it up or turn it loose
Lock it up, baby
Lock it up or turn it loose
Lock it up, baby

[Interlude]

You rather feel it while it's hot
Ooh, don't let it pass you by
If you want it, baby, shoot your shot

Lock it up
Come on, lock it up
Lock it up
Or you'll might lose, baby
Lock it up
Or set it free
Lock it up
Lock it up, baby

Lock it up or turn it loose
Lock it up, baby (Set it free, set it free)
Lock it up (Lock it up)
Or turn it loose (Turn it loose)
Lock it up, baby (Gonna lock or set it free)

Lock it up
Turn it loose
Lock it up
You're gonna lose it, baby
Lock it up
Set it free
Lock it up

Lock it up (Lock it up)
Or turn it loose (Turn it loose)
Lock it up, baby (Gotta lock it up)
Lock it up (Turn it loose)
Or turn it loose (Got to turn it loose)
Lock it up, baby (Gonna lock it up)
