So you've paid your dues
(No intention to)
Those Elvis frauds, how they'll applaud
Farewell my friends

So in your Rock 'n' Roll
(In your Rock 'n' Roll)
And pretty soon those pretty girls
Will find your home

We'll pay you handsomely
(But you see)
Don't steal our sun
Don't steal our sun
(You're just killin' fun)
You almost getting us down

I said you felt so good
(I said you felt so good)
Well I'm amazed
I'm better foes
Hey what a show

I heard you're dating Sue
(Yeah you're welcome to)
I'd love to talk
But don't we know
That don't ring true

We'll pay you handsomely
(But you see)
Don't steal our sun
Don't steal our sun
(You're just killin' fun)
You almost getting us down

Don't steal our sun
(Don't steal our sun)
You're just killin' fun
You almost getting us down
