I came all this way
Just to say that's not what I want
Those smug lovers, they might as well
Just rub it in my face

I guess that's when the penny finally dropped
You're as clueless as I am
Those backseat fumbblings
Oh no, oh no, oh no, oh no

But now I know I'll never
Be someone else, someone else
Now I know I'll never
Be someone else, somebody else
Not for a long time

I came all this way just to say
My feelings have grown
No longer a good friend
I long to hold you in my arms

While your boyfriend place your eyes
On someone else's life then pass it off as his own
But when the world finds out
Oh yes, oh yes, oh yes, oh yes

But now I know I'll never
Be someone else, someone else
Now I know I'll never
Be someone else, somebody else
Not for a long time

You know, you know, you know
You know, you know, you know

But now I know I'll never
Be someone else, someone else
Now I know I'll never
Be someone else, somebody else
Not for a long time

You know, you know, you know

(I came all this way just to say)
You know you know, you know
(I came all this way just to say)
Someday I'll be someone else
