The boy would never grow up, la la la la la la...
I don't think about you that much
But I don't think about anybody else
I just know I gotta get out of this rut very soon
These streets don't inspire me the way it used to do
I don't know why I try
The boy always caught the breaks.
No I don't know why I try
The boy caught all the breaks.
The boy would never grow up, la la la la la...
Some friends peeking their teeth
And some friends take their time waiting for their
moment to shine.
You showed your face at the school reunion
Your paperback under your arm
You said it couldn't do no harm
I don't know why I try
The boy always caught the breaks.
I don't know why I try
The boy caught all the breaks!
You say you don't believe in love
Cause you've always made your own
Because you've always made your own
Because you've always made your own

The boy would never grow up...
He just simply said it was never for me.
The boy would never grow up.
La la la la la la la...
