Again again you come to me in a dream state
I never seem to see you when I'm awake
Again again the same old scene begins to play
I want you and you want me too
But it's always too late
And the picture melts away

In a hat full of rain
I see your dark eyes fading
In a hat full of rain
In a hat full of rain
Time keeps erasing
In a hat full of rain

Again again something will remind me
A deadening chill that threatens to consume me
Again again I feel the need but I can't scream
To ease my mind I float above
And never fall to Earth
And the frames they wash away

In a hat full of rain
Everybody's waiting
In a hat full of rain
In a hat full of rain
A lifetime disappears
Inside a hat full of rain

Again again you come to me in a dream state
I never seem to see you when I'm awake
Again again the same old scene begins to play
I want you and you want me too
But it's always,

In a hat full of rain
I see your dark eyes fading
In a hat full of rain
In a hat full of rain
Time keeps erasing
In a hat full of rain
In a hat full of rain

Everybody's waiting
In a hat full of rain
