I've got my eyes wide open
Silhouette and a secret smile
Don't tease it's not my nature
You touch I surrender
Into into your arms
Can't help my body breaking down
Two angels crack the mirror
A broken laugh and a kiss familiar
Don't make me wait don't make me beg

Come and taste my pain
Kiss the flower and make it rain
It feels so strange
Never wanna be the same again

I'm trying hard to remember
Who I was just yesterday
Inside your tender violence
Your touch won't fade away
And I want I want to hold you
Surrender to the waves
This passion's growing stronger
I can't resist much longer
Don't make me wait don't make me beg

Come and taste my pain
Kiss the flower and make it rain
It feels so strange
Never wanna be the same again

Don't make me wait don't make me beg

Come and taste my pain
Kiss the flower and make it rain
It feels so strange
Never wanna be the same again

I've got my eyes wide open
A silhouette and a secret smile
Don't tease it's not my nature
You touch I surrender

Into into your arms
Can't help my body breaking down
Two angels crack the mirror
A broken laugh and a kiss familiar
