Islands Heaven my escape
Feel my fingers they won't break
Save me hold me I can't hide
Keep it covered no tears in sight
I confess to my sins
Shallow thoughts I give in
Feel the need to hold on
But the strength in her eyes
And her defiant smile

Trade my skin for you
Trade my skin for you
(If only I could I would)
trade my skin for you
trade my skin for,

Ballerina bows to the crowd
Faces falling just like winter clouds
Never stop praying in dreams I rise
Fallen angel with twisted thighs

Trade my skin for you
Trade my skin for you
(If only I could I would)
trade my skin for you
trade my skin for you

Tiny silver bullets that never go away
Give me back my Island solitude I pray
In between the shadows dry a silken tear
Never looking back in anger these days will
Disappear oh disappear oh disappear

Trade my skin for you
Trade my skin for you
(If only I could I would)
trade my skin for you
trade my skin for,

You'll feel my emotions strong
Burning passion and kisses long

Sealed emotions of my heart
Touch your Island inside the dark

Trade my skin for you
Trade my skin for you
(If only I could I would)
trade my skin for you
trade my skin for you
That's all that I can do
Trade my skin trade my skin
I would trade my skin for you ,
