[Listen to this]

[Eazy E:] Yo Ren !

[MC Ren:] Whassup ?

[Eazy E: Take] [one] [MC Ren: Yo] [Hit it]

[MC Ren:]

Ruthless, plenty of that and much more

So at the party, Ren is controllin the floor

that you step and do your dancerroutine

It ain't a dream my man, you're in a gangsta scene

with a villain doin damage on a 24 track

With confusion to finish my conclusion

Arhytomatic rhymes from a radio cat

You can't take what I got coz I'll be takin it right back

[Ruthless gangsta] Cold killin

You wanna know what it's means ? [definition...villain]

With the stupid dope rhyme

So once you hear one line you can tell it's mine

With a baseball cap that's black that I'm wearin

and a look that keeps you all starin

and wondering why I'm invincible

But when you hear my rhyme, it's convincible

I don't take no shorts while I'm constructin the ground

that makes y'all move around to my hell of a sound

Girls drool on me like a dyin

[Dr.Dre: Yo Ren, tell'em what they do when you start  
rhymin]

I go to the party. I hip a hop the spot

I dunno what it is, but the girls get hot

aspirin like they're on fire and

their so-called boyfriends with'em are retirin

And for this reason I'm a walkin threat

So when I'm on stage I want...[Ssssht]

[Eazy E: Quiet on tha set]

[Light, camera, action]

[Eazy E: N.W.A. take] [two]

[MC Ren:]

Now to get started with my musical profession

A gangsta or villain in mine is in session

The way that I'm referrin to this makes ya move ya butt  
but don't stand in a daze, yeah you should know what's  
up

Anyway I keep the clappin along  
coz nothing bad could go wrong because this song is  
so strong

[?? huh ?? I'm ???] who could ask for anything more  
when N.W.A. is cold rockin the floor  
like stupid, actin like a retard  
waitin for a bumrush, gettin to the good part  
It tips me so with temptation  
writin my lyrics with this hyped information  
Just look at the center of the stage where the spotlight  
shines

[Eazy E: Boy you should have known by now] It's mine !  
Unpredictable, keepin you extremely enjoyed  
It's irresistible, meanin that you can't avoid  
And while I'm on stage, look forward to sweat  
but after I rip it up I want...[Ssssht]

[Eazy E: Quiet on tha set]  
[Light, camera, action]  
[Eazy E: N.W.A. take] [three]

[MC Ren:]  
I can be loud as hell, think I will ? [Never]  
[Ssssht] [Eazy E: Quiet on tha set] Yeah I like that better  
[?? huh ?? As what I can do ??] I think I earn respect  
And if I didn't from you, that's what I expect  
coz if it ain't ruff it ain't me  
So who really cares how you want me to be  
See, I'm just me standin at the top of the pile  
and doin soft known tunes it ain't my style  
And this concludes our program  
of how N.W.A. makes a ruthless jam  
Now first we take an average drum  
Give it to Dre, and the boy gets dumb  
It's no secret, that I sit alone at night  
Pick up a pad and pen and begin to write  
all kinda lyrics that's promised to play  
to make everybody say:  
[They can be cold and ruthless no question about that,  
but sometimes it's more complicated...]  
[Eazy E: Yo Dre] [You know what I want you to do ?]  
[Public Enemy: Bring that beat back, bring that beat  
back]

Now MC Ren is here workin like super glue  
No matter what I do, I'm always thinkin o' you  
Coz I'm the pusher, supplyin the fix  
And this jam's so dope, it don't need a remix

But I'm makin obstacles of enemy traps  
to catch any MC's with the weak-ass raps  
Crucifyin their [?? huh ??] like just for usin my name  
The definition is pain, but that's the thing o' the game  
If they try to retreat, I catch'em one at a time  
coz they're comittin a crime, and still promotin a rhyme  
So, you're in the back of me just listen and learn  
because you'll all get a chance or maybe a turn  
Now my sideman wants to give a preview  
so at my next concert I wanna see you  
there not sittin in a chair  
standin on yo feet, with yo hand in the air  
Now I'm about to get out but I'll be back  
But next time expect the more funkier track  
deep down for your enjoyment to hear more  
percussion  
with lyrics that's smooth to start some discussion  
The beat that I'm [?? hype ??] and you know that's bad  
Now continue to dance coz I'm thru with tha set
