Hey hey hey
Got to believe

Walking down the longest on a sunday afternoon
You say girl i want you but there's something that i
know
I don't know what you know when my feeling's
surrounding my heart that's blow away
Now i'm here and forever together
This love can be true

Hey hey hey

Show me your loving coming
Give me your passion darling
Never forget this sorrow
Cause you don't have to follow
My broken dream is coming
And it surrounds my morning
Show me your love is forever believe in come and
dream
I got to believe

Tell me baby what to do when there is something
wrong
Dial my number quickly if you want something more
I don't know what you know when my feeling's
surrounding my heart that's blow away
Now i'm here and forever together
This love can be true

Hey hey hey

Show me your loving coming
Give me your passion darling
Never forget this sorrow
Cause you don't have to follow
My broken dream is coming
And it surrounds my morning
Show me your love is forever believe in come and
dream

I got to believe
