[All] Pass it off I wanna flip  
[Shy] I got the loaded clip  
[All] Pass it off and move it back  
[DLR] I'm reachin in my napsack  
[All] Pass it off I wanna flip  
[Rub] Let me show you how  
[All] Pass it off (\*echoes\*)

[Shyheim]

You better look out kid cuz I'm the Wu-Tang's smallest artist

When I come thru brothas be jettin like I'm narcotics  
I'm the shorty that'll bust but yet I hit the hardest  
When I rose up on ya squad just show me where ya heart is

You'll start to snitch like a {bitch}, cold drop a dime  
I cut that {ass} short like a tree of alpine  
but I'm not lumberjack, black and a matter of fact  
I flip your stacks like two kilo's of crack packs  
I let off quick like a four-fifth automatic  
Who got Static like Spike Lee? I gotta have it  
And I'm the bomb like a black leather jacket  
I keep it movin like I did on my first LP  
I stay true to The Grain of G.P.  
Word to my motha I could never be a sucka  
I Die Hard too, yipee-cahier motha{fucka}

[Down Low Recka]

Now it's the Down Low comin thru with the roughness  
technique, brothas packin needles can't bust this  
teflon style that I master, my art  
Hit the chart, wait, combine with the track from the heart

I take shape and break, the best when they fake  
Maneuvers, are natural born when into these losers  
Ego bruiser, fly wiz chooser  
Marijuana user, Valentine Hell enducer

Be too slick and sly for the guy with the best try  
Brotha fake a move, ya gotta die  
I got the loaded clip and I'm about to show ya how  
we murder brothas style with the slang from the  
Shaolin Isle  
Now...

[All] Pass it off I wanna flip  
[DLR] I got the loaded clip  
[All] Pass it off and move it back  
[Pop] I'm reachin in my napsack  
[All] Pass it off I wanna flip  
[Shy] Let me show you how  
[All] Pass it off (\*echoes\*)

[Pop Da Brown Hornet]  
It's about time to bust a cherry, or should I say a {nut}?  
You can run if you want to, I'll still catch you in your butt  
My aim is on point like a racist cop  
and I get down and dirty like a project mop  
If you're in between a crack I'll find just where you're at  
Expose you, beat ya butt like no one knows you  
I have no sympathy for no mouse MC  
Once I snap you in my trap there ain't no turnin back  
I got you where I want you, that's under my wing  
You ain't it, your wisdom treats me like a king  
So please motha f'er with that premium choice {shit}  
By the looks of things, I think that it's best ya forfeit  
A true experience should be taken for a scroll  
I'm big time baby, ya gonna need a centerfold

[Rubbabandz]  
Murder, all I see is gats in my mind  
Cock back ready for combat, pass the nine  
I'm a mind blower, constructin boats like Noah  
So I could never drown in this rap thing  
I keeps it real, like Shaquille O'Neal on the court  
You better recognize or get played like a sport  
My flow's comin down, somethin terrible  
Down pat when I be on the train ridin R tracks  
Styles is phat, contact, the lyrical smoke got me open  
Infact, I think I'm ready to rock steady  
I leave ya white like Betty  
Froze you and plus you're not quick like Ever-ready  
Oh shhh that clown just took the bait  
and lost more blood then Nobra lost weight  
Prepare for gladiation, I'ma slam the nation  
It doesn't matter if you're Japanese or Jamaican

[All] Pass it off I wanna flip  
[Shy] I got the loaded clip

[All] Pass it off and move it back  
[DLR] I'm reachin in my napsack  
[All] Pass it off I wanna flip  
[Rub] Let me show you how  
[All] Pass it off (\*echoes\*)

[Shyheim]  
Yo, the rhymes that I be kickin be the bomb baby  
I be the bomb on this swarm, that's a fact I got it goin  
on  
What's that a doubt? I'm never on a lyrical drought  
My mind out concentrated, so I let my long thesis out  
And represent to the fullest, I don't be fakin  
I {shit} you out of service like some bugged out  
Jamaican

[All] Pass it off I wanna flip  
[DLR] I got the loaded clip  
[All] Pass it off and move it back  
[Pop] I'm reachin in my napsack  
[All] Pass it off I wanna flip  
[Shy] Let me show you how  
[All] Pass it off (\*echoes\*)
