I know, I know, I know you want to see me fall  
I hope, I hope, I hope you know I'm not that small  
I'm big, I'm big, I'm bigger than you wanted to believe  
For that you'll keep coming back to haunt me

Congratulations  
They are in order  
Is that enough for you  
If looks could kill they have to kill you

How do you sleep at night?  
With all your demons at your side  
And every time you use your name  
There's a girl like me going down in vain

Well, I'm sick, I'm sick, I'm sick of all this shit  
And now I'm tired, I'm tired, I'm tired of being picked  
on  
And I know, I know, I know that you've got something  
that I want  
For that you'll keep coming back to haunt me

Congratulations  
You look the part now  
Is that enough for you  
If looks could kill they have to kill you

How do you sleep at night?  
With all your demons at your side  
And every time you use your name  
There's a girl like me going down in vain

You are what you are  
And you might think that you're breaking through  
(You are what you are)  
You'll never last, no, not a girl like you  
(You are what you are)  
And I'm not gonna let you push me  
(You are what you are)  
'Cause I'm gonna push you  
(You are what you are)  
I'll push you, I'll push you

How do you sleep at night?  
With all your demons at your side  
And every time you use your name  
There's a girl like me going down in vain

Well, how do you sleep at night?  
With all your demons at your side  
And every time you use your name  
There's a girl like me going down in vain

There's a girl like me going down in vain  
There's a girl like me going down in vain
