I wish you well
Couldn't you tell after all these years?
I wish you love
And life in a world that you're dreaming of

I wish you well, I wish you love
I wish myself all of the above

What made me think?
That I could survive all the wear and tear
It's not my thing
To stand here and pose for some William Tell

I wish you well, I wish you love
I wish myself all of the above

If there was a better time I could not find it
What's mine's not yours and yours not mine
And we couldn't hide it
Don't take me on the ride with you
It's a roller coaster
The only time I'd look at you was on a
Rock and roll poster
Where are you now?
Couldn't you see through the sweat and tears?
I took my bow
While you confirmed all my saddest fears

I wish you well, I wish you love
I wish myself all of the above

If there was a better time I could not find it
What's mine's not yours and yours not mine
And we couldn't hide it
Don't take me on the ride with you
It's a roller coaster
The only time I'd look at you was on a
Rock and roll poster

I wish you well, I wish you love
I wish myself the world I'm dreaming of
I wish you well, I wish you love

I wish myself all of the above
All of the above
