Yo, focus, held to blow up it's automatic
Came a long way from when we used to steal fabrics
, we real g's, got pushed in the dirt but groove like drop
seeds
Flow like drop breeze, hand speeds like , call hards
and ,
Rap queens sell treese,
Took my first mug shot, said cheese
I'd rather die standing up than living life on my knees
At the door, trying to score but I'm looking for keyz
Niggers is soft like velour, y'all ain't fucking with me
Outdoorsman, son I'm like a young George foreman
And if I start losing my team will start swarming
My flow is like burst of niggers get smacked for forging
Trying to make a fortune, often called flossing
Snatch a Porsche, and get straight like an abortion
Caution 13 years with air forcing

Mind on my money, money on my mind
, in my pocket, they trying to eat mine
Mind on my money, money on my mind
And it's street to the cage my people we on grind
Mind on my money, money on my mind
Fat knots and hundred stacks having me feeling fine
Mind on my money, money on my mind
Used to get tax free loot all the time

Hey yo, I spit fire with the , Godzilla
Trying to get Michael Jackson money like Thriller
Yo I shot 2 people, doesn't make me a killer
But it never got back , who's iller
Fuck subway, , ride in a Mercedes Benz
Niggers know my name, they call me a legend
Grow up like a rebel still trying to get to heaven
I hope I have luck like playing triple 7's
Lottery ,but I wasn't in the top 10
Nowadays walking I'm the greatest man
Respect the , when you get to visualize
Every member of my crew is trace ,
Part of an enterprising can't be denied
Checks be certified , with every strive

Yeah we striving for perfection , real hip hop nigger
With no exception

Mind on my money, money on my mind
, in my pocket, they trying to eat mine
Mind on my money, money on my mind
And it's street to the cage my people we on grind
Mind on my money, money on my mind
Fat knots and hundred stacks having me feeling fine
Mind on my money, money on my mind
Used to get tax free loot all the time

I'm on a patient, save your time making mine
,taking through his favorite crime
, under 18, taking lines combined
But blunts mix with hatches, makes specializing
Putting pussies in caskets
, the high local cut my hand ,
,down the yellow brick road to find Toto, ,
Then they wonder why I'm always high, drunken shit
, start killing for the fun of it
, inspiring thoughts. .. out of the gutter
And I ain't never going back, word of my mother

Mind on my money, money on my mind
, in my pocket, they trying to eat mine
Mind on my money, money on my mind
And it's street to the cage my people we on grind
Mind on my money, money on my mind
Fat knots and hundred stacks having me feeling fine
Mind on my money, money on my mind
Used to get tax free loot all the time

Got my mind on my money, my money overseas
In this swiss bank account they turn it into cheese
The gold digger bitches be begging me ,
Could you please , chickens we have knees
Bitch please get a job go and make your own green
And I ain't only talking to you, your whole team
Full of fiends who be trying to milk a nigger's green
You don't work like I work, you don't do what I do
You don't hustle like I hustle ... so screw you
The worst when you family ask to borrow some cash
And they don't pay it back thinking ,
And they spend it on some trees or the next big bottle
My new motto's motherfuckers, you think I hit the lotto?
If I did hit the lotto, would I be hitting you off?
You the same little cousin that they pissing me off
All the time cause I gave you all my nickels and dimes
Got my mind on my money, and my money on my mind

Mind on my money, money on my mind
And it's street to the cage my people we on grind
Mind on my money, money on my mind
Fat knots and hundred stacks having me feeling fine
Mind on my money, money on my mind
Used to get tax free loot all the time.
