Honey baby, you truly know it. You truly know it.  
You look good. Tryin' your best to show it.  
If I were you, I would. True love and affection.  
These are nice, so nice but when a money man walks in  
the room, girl, you look more than twice.  
You look once, you look twice. Can I rap to you sugar  
tonight?

(chorus)

Donald Trump (black version), maybe that's what you  
need.  
A man that fulfills your every wish, your every dream.  
Donald Trump (black version), come on take a chance.  
A 1990's love affair, the real romance.

Honey baby, you are the finest. I have seen.  
And your disposition's so kind you're never mean.  
Girl, you're too good to be true. But last night when you  
were asleep, you slipped big time.  
I heard you. You said your favorite color was green.  
So guess what?

(repeat chorus)

Now look here baby. I ain't tryin' to be 90 proof.  
But a super strong woman. She needs a super strong  
dude.

Sweet words of love are helpful.  
But what goes a lot farther than that?  
A hundred dollar dinner at Adriano's?  
A brand new coat or a brand new hat?  
Yes, I can do this!

... Donald Trump (black version), maybe that's what you  
need.  
Come on, come on take a chance.  
... A man that fulfills your every wish, your every  
dream.  
I can fill your every dream, baby.  
... Donald Trump (black version), come on take a  
chance.

You and me, baby... and me!  
.... A 1990's love affair.  
So many things.  
... The real romance.  
So many things.

.... Diamonds and pearls.  
I wanna buy you things.  
.... Maybe that's what you need.  
'cause I want all the other girls to bug.  
.... A man that fulfills your every wish.  
My name is Morris, baby.  
.... Your every dream.  
And I dig you. And when I dig somebody.  
.... Donald Trump (black version).  
They stay dug.  
.... Come on take a chance.  
They stay dug baby.  
.... A 1990's love affair, the real romance.

I..., I..., I..., I got what you need baby.  
Come on baby, come on take a chance.
