Shake!

Hey, hey people what you come here for?
Come on everybody, let's get out on the floor
All the pretty girls shaking what they got
The boys swear to God that they're all too hot

Everybody, shake!
You gotta shake something, my Lord
Shake! You gotta shake something

Come on pretty baby, now don't be shy
New liberated girl ask a guy
We can go dancing baby, every night
But you got to shake your body 'til the early, early light

Everybody, shake
You gotta shake something, my Lord
Shake! You gotta shake something
Sing with me now

Lucy's standing there with the bought hair on
Don't shake it too hard or that hair will be gone
(Oops)
Brother's so worried about her two left feet
Pretty thing keeps worrying 'bout keeping on her feet

That don't matter y'all, come on
Shake! Oh Lord, you gotta shake something
Everybody, shake! You gotta shake something
Shake! Come on y'all, you gotta shake something
Shake!

Every, everybody
Hey, hey, people what you come here for?
We want to shake something
Come on everybody let's get out on the floor
Gotta shake something

You can shake it to the east, you can shake it to the
west
Gotta shake something

Shake it to the body bag, you love the best
Gotta shake something
I don't mind, shake! Woo!

You can shake it to the north, you can shake it to the
south
Gotta shake something.
Shake! If you come to party, now open up your mouth
Gotta shake something
Come on, oh yeah, yeah

Shake! Shake! Shake! You gotta shake something
Shake! Shake! You gotta shake something
Shake! Shake! Shake it now, you gotta shake
something
Shake! Woo, for me, aca
