

The Time "The Stick"

Visit "[The Stick](#)" on MotoLyrics.com

My stick, I just love my stick
My stick, I just love my stick

Girl, your ride is bad but you can't compare
To my baby black Cadillac, oh, so rare
Take a vacation, I don't care
'Cause I can get some stimulation anywhere

You just come too quick, I'd rather work my stick
Get a little satisfaction, work the stick in my ride
You just come too quick, I'd rather work my stick
Get a little satisfaction, work the stick in my ride

Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Girl, you come too quick, much, much too quick
Girl, you come too quick, I'll just work the stick

Offer me your body, I have to pass
'Cause every time we make love, you run out of gas
Girl, my car's so bad it runs on H2O
No, you can't compete, it's got the cruise control

You just come too quick, I'd rather work my stick
Get a little satisfaction, work the stick in my ride
You just come too quick, I'd rather work my stick
Get a little satisfaction, work the stick in my ride

Get a little satisfaction, work the stick in my ride
Everybody get a little satisfaction, work the stick in my ride
Girl, you come too quick, much, much too quick
Girl, you come too quick, I have to work the stick

I've been drivin', baby, since the age of thirteen
I'm the baddest driver you've ever seen
You know I like it fast and I like it slow
Sometimes I let the top down when I wanna let go

You just come too quick, I'd rather work my stick
You just come too quick, I'd rather work my stick
You just come too quick, I'd rather work my stick

Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Everybody get a little satisfaction, work the stick in my
ride
Get a little satisfaction, work the stick in my ride

What time is it?
I said, what time is it?

You just come too quick, I'd rather work my stick

Somebody bring me a mirror so I can
What, what song we on?

You just come too quick, I'd rather work my stick
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride

Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride

Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride

What time is it?
Alright, oh no

I don't need you, baby, I'll just work the stick in my ride
I don't need your action, baby
Get a little satisfaction, work the stick in my ride

Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride

Sing it, get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride
Get a little satisfaction, work the stick in my ride,
everybody

You just come too quick, I'd rather work my stick
You just come too quick, I'd rather work my stick
You just come too quick, I'd rather work my stick

It's about time to go, no
I said, I don't need you, girl

Hey, somebody bring me a mirror
So I can look at my stick

Hey, alright? You wanna see it?
Should I take it out?
Take it out, man
Hey, later, y'all
