Every morning she wakes up,
And before she puts on her make up
She looks at the girl staring at her in the mirror
She says hey hunny and every thing gets so much
clearer
Shes got the stuff and shes got the body
And all the guys think what a hotty

But no one knows...

No-one knows whats inside
No-one knows how much she has cried
No-one knows thats shes not all looks
No-one knows she reads books
No-one knows the real girl
She hides herself from the world, no one knows

She sits with all her so-called friends
They all say that they'll be there till the end
She knows they lie, she knows they deceive
She wishes she could get up and leave
Shes got the stuff and shes got the body
And all the guys think what a hotty

But no one knows...

No-one knows whats inside
No-one knows the tears shes cried
No-one knows thats shes not all looks
No-one knows she reads books
No-one knows the real girl
She hides herself from the world, no one knows

Don't confine your self to your room
Theyll all know one day
Don't go to all the parties and get drunk
Just say its not cool and thats what they'll all say

No-one knows
No-one knows
No-one knows

No-one knows

No-one knows whats inside
No-one knows how much she has cried
No-one knows thats shes not all looks
No-one knows she reads books
No-one knows the real girl

No-one knows (no-one knows)
No-one knows (no-one knows)
No-one knows (no-one knows)
No-one knows (no-one knows)
The real girl, the girl thats inside
She hides herself from the world, no one knows
