Babe Im sick and tired to your stupid lies
Coz the tears dont stop pouring from my eyes
My sole to hurt bruised and battered
Coz you were the only thing that really mattered
Did you ever think how it would affect me?
Dont worry just you wait and see
I gotta tell you nowl dont know howyoure dumped

We usta be together, The best of friends
Dont you just hate it when it all ends
I was a princess wearing a crown
But you just had to tear me down
Man, all you did was confuse me
But now your gonna loose me
I didnt know you was a playa all along
Hey, thats why I wrote this stupid song

Babe Im sick and tired to your stupid lies
Coz the tears dont stop pouring from my eyes
My sole to hurt bruised and battered
Coz you were the only thing that really mattered
Did you ever think how it would affect me?
Dont worry just you wait and see
I gotta tell you nowl dont know howyoure dumped

You dont understand, youve hurt me so
I cant believe you sank that low
I thought we was true, and totally real
But things change, so did the way I feel
Boy, its time, Im gonna leave
Coz all you do is fucking deceive
I dont care what your friends say
Because youre the one whos gonna pay

Babe Im sick and tired to your stupid lies
Coz the tears dont stop pouring from my eyes
My sole to hurt bruised and battered
Coz you were the only thing that really mattered
Did you ever think how it would affect me?
Dont worry just you wait and see
I gotta tell you nowl dont know howyoure dumped

I dont care any more
I cant stand you
Youre such a loser
I hate you

Babe Im sick and tired to your stupid lies
Coz the tears dont stop pouring from my eyes
My sole to hurt bruised and battered
Coz you were the only thing that really mattered
Did you ever think how it would affect me?
Dont worry just you wait and see I gotta tell you now!
dont know how youre dumped
